Applicant Screening Criteria

Screening criteria will be applied consistently to all applicants. Consideration of extenuating circumstances will be considered in the screening process, but must be approved by a Regional Manager.

All applications will be reviewed to make sure the applicants meet Alltrade's criteria for each of the following:

1. Income/Debt;
2. Credit history;
3. Criminal history; and
4. No other automatic disqualifiers.

Income/Debt

1. For conventional properties, Alltrade will evaluate the application based on the combined **net** household income (take home pay) of the applicants.
 - a. For Low Income Housing Tax Credit properties, Alltrade will evaluate the application based on the combined **gross** household income of the applicants and in accordance with Federal, State and Local income guidelines.
2. An applicant's **net** income must be at least three (3) times the rental amount on the requested unit. This is called the rent to income ratio and is calculated by dividing the income by the rent. For example, if a person is applying for a conventional apartment renting for \$500.00 and makes \$1,600.00 take home pay, the rent to income ratio is $\$1,600.00/\$500.00 = 3.2$.
 - a. For Low Income Housing Tax Credit properties, the rent to income ratio is determined based using **gross** household income.
3. If an applicant has a rent to income ratio of 2.5 – 2.99, the applicant will be considered conditional and must complete a landlord verification.
4. An applicant with less than a 2.5 rent to income ratio will be denied unless the applicant has a housing voucher or other stable and documentable rental assistance that covers the duration of the lease. These instances must be approved by a Regional Manager.

Upon receipt of this letter, Alltrade leasing staff will conduct an individualized assessment of the applicant's history of eviction judgments. The co-signer must submit a written application along with the application fee and must pass the criteria of the screening process as any other applicant.
